Chandra Grahan or Lunar Eclipse is a time when the earth's full shadow falls on the moon and it was occurred on January 31, 2018.

The eclipse is also called the RahuGrastha Sampurna Chandra Grahanam.

Lord Siva is ruler of Moon. During this auspicious Lord Siva Brahmostavams time AHT priests are conducting Nakshatra Homam for Grahana Dosha Nivaranardham (to nullify the ill effects of Lunar eclipse).

Effects of lunar eclipse is usually described as a bad omen and can cause social afflictions and also negatively affect a person in all fronts.

Moon plays a key role in the birth chart. Afflictions in moon may lead to several problems which cause adverse effects. Hence, one must focus on overcoming them by doing certain rituals to achieve best results.
