Austin Hindu Temple And Community Center

9801 Decker Lake Road, Austin, Texas - 78724 | Ph: 512 927 0000
info@austinhindutemple.org | www.austinhindutemple.org

Volunteers are the backbone of the Austin Hindu Temple (AHT). The temple could not have been run so successfully without the help of the numerous tireless volunteers. There are several volunteer opportunities available at the AHT for the following committees.

- | | | |
|-------------------------------------|-----------------------|------------------------|
| * Art and Decoration | * First Aid | * Parking |
| * Audio Setup | * Food Services | * Photography |
| * Cleaning the premises | * General Help | * Reception |
| * Construction | * Kids Entertainment | * Religious Activities |
| * Cultural | * Land Scaping | * Seniors Help |
| * Education (Gurukulam/Summer Camp) | * Library | * Video Recording |
| * Facility Repair & Maintenance | * Media/Communication | |

In addition, AHT also does charity activities like “food donation” for students in need once a month. If we have more volunteers and sponsors, we would like to extend this activity to every week.

If you would like to help us in any of the above tasks, please send an email to seva@austinhindutemple.org or info@austinhindutemple.org with your name, contact information (phone number and email id) and the list of task(s) you are interested. Also, mention “AHT Seva Services” in the subject line.

For more information, please call 512-927-0000 or check at the temple’s front desk.

Dear Devotees,

We wish you and your family a Happy New Year 2026. It has been a true honor to serve as the President and Chairman of the Austin Hindu Temple and Community Center with the devotion, enthusiasm, and unity of our community.

The year 2025 was one of the most transformative in the history of our temple. Successful completion of the 12-year **Pushkara Mahā Kumbhabhiṣekham** stands as a monumental milestone: bringing thousands together in days of sacred rituals, divine energy, and collective blessings. We also strengthened our cultural and community engagement by introducing new events, including the vibrant Ganesh Utsav, which brought nearly 1,000 devotees from diverse communities across Austin. All major events including but not limited to Ramanavami, Jagannath Ratha Yatra, Ganesh Navarathri, Devi Navarathri, Skanda Sashti, Vasavi Matha Jayanthi and Hanuman Jayanthi were celebrated in a grand manner with several hundreds of devotees participating in each of them.

Several major infrastructure and service enhancements were successfully completed in 2025:

- **Sustainability Efforts:** Installation of 162 solar panels, now providing nearly 80% of the temple's total energy needs, along with the addition of EV charging stations, marking an important commitment to environmental stewardship. Now we are planning for rainwater collection and using it for landscaping.
- **Restroom Renovations:** Beautiful, fully remodeled restrooms featuring modern fixtures, premium tiles, improved accessibility, enhanced shower facilities, baby-changing stations, and dedicated nursing rooms for mothers—ensuring comfort and dignity for every visitor.
- **Om Trail:** The design of the Om Trail was completed, and the area has now been cleared and prepared bringing us one step closer to developing this serene, meditative pathway on our campus with many associated features such as Yoga Shiva and Krishna meditation sites and rural life exhibit with displays depicting our rich cultural heritage.
- **Ayyappa Swamy Temple:** We completed the high-level conceptual design, and we plan to move into the implementation phase, including detailed architectural design, approvals, and the launch of fundraising efforts to bring Swamy Ayyappa Temple and a holy path to reality.
- **Improved Parking and Landscaping:** We have provided a long time need to have covered car parking to all the priests and staff members, increased parking spaces for the MPRH and a new Vahana Pooja facility. We have installed a new sprinkler system and planted over 60 trees to beautify the campus.

AHTCC Gurukulam reached a significant milestone in 2025, expanding to more than 100 students enrolled in classes spanning languages, arts, dharma, music, and yoga. Now, we have a covered courtyard for morning prayer session of Gurukulam and other major events.

This year also marked the launch of the **AHT Scholarship Program** supporting high school seniors in their academic journey and strengthening our commitment to education and youth development along with the introduction of enhanced staff benefits, including a 401(k)-retirement plan, to better support and appreciate the dedicated individuals who serve our temple. We have also initiated Seva Program serving Community First Village residents and Caritas of Austin.

We have initiated an all-round **Safety Improvement** and started implementing them both structurally and operationally. We have set up a new **Temple Endowment Fund** to maintain and sustain the temple for many decades to come. Thanks to ALL the devotees, volunteers and Trustees for your generous support. May God bless you and your family with health and happiness.

Krishna Mohan Gobburu
President, Executive Committee

Kanagasabapathi Sathasivan
Chairman, Board of Directors

CALENDAR EXPLANATION

महाऋषि वशिष्ठ॥ यस्मिन् पक्षे यत्र काले येन दृग्गणितैक्यम्। दृश्यते तेन पक्षेण कुर्यात्तिथ्यादिनिर्णयम्॥

Biggest misconception is "Indian Hindu festivals observance date in the Indian calendar / panchanga is applicable for all location in world". Observance dates from Indian Panchanga is valid only in India and is not transferrable to other locations. Another misconception arises due to the time zones differences is as USA/Canada and Europe is behind in time then Festival will come a day later in USA/Canada and Europe. This is incorrect. Tithis, Nakshatras, Yoga and Karana are events, they end at the same time instance all over the world. After calculating tithi and nakshatra end times in local timezone, the different rules help to determine each festival. The local sunrise, sunset, moon-rise, and moonset times are used with Tithi to determine festivals. Hence, sometimes festivals may appear on the same day as India or a day before in the countries west of India. The countries east of India the festival may appear on the same date as India or a day later.

Hindu day changes at the sunrise (not midnight), a Hindu day (Vaara) is from one sunrise to another sunrise. The Hindu date (tithi) doesn't change at the midnight, and it is not always fixed 24 hours long it can be anything between 19 to 26 hours. Each 12 degrees distance between the Sun and the Moon is

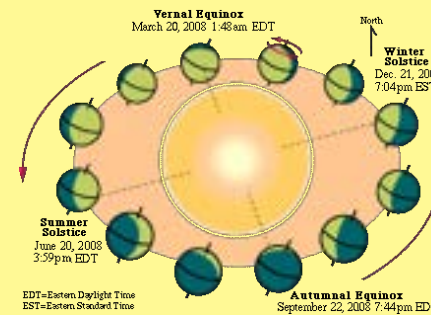

Tithi. The tithi, nakshatra, yoga and karana are based on geocentric positions of the Sun and the Moon. This astronomical phenomenon happens at the same time on the earth everywhere, and hence tithis, nakshatra will begin and end at the same time all over the world, and we must convert them to our local timezone. Indian panchang makers convert this times to Indian time. Likewise, other countries needs to convert these times in their time zone from UTC.

For example: October 17th 2008 the Ashwayuja (Ashwin) Krishna Paksha tithi Tritiya ends at 16:39:21 Indian Standard Time, and chaturthi starts. That means at 16:39 hours there is trititiya still prevailing in India. The time difference with Seattle and India is 13 hours 30 minutes (with day light saving time the difference is 12 hours 30 minutes from IST). So, let's subtract 12 hours 30 minutes from the 16:39:21. That gives us 04:09:21 AM on October 17th. So on October 17th after that time we'll have chaturthi tithi and before we have trititiya. The earth doesn't wait for tithi or festivals to arrive in your timezone. **The sun doesn't rise instantly at the same time all over the world Hence we need local sunrise, sunset, moonrise and moonset times, along with Tithi, & Nakshatra ending times to determine festival date and time.**

How festivals are determined? The sankathara chaturthi the chaturthi tithi must be prevailing during the moonrise time. Moonrise in New Delhi on a given date is at 19:36 and in West Bengal, Kolkatta is at 19:25 PM. Now trititiya ends at 19:32 PM IST. So Kolkatta will celebrate karwa chauth/sankathara chaturthi on the Tamm where as people in New Delhi will celebrate on the same day. **Timings in this calendar are end timings of the Tithi and Nakshatra and for Sun/Moon entering time when it enters a new rashi.**

Uttarayana/Dakshinayana: The season occur based on earth's position around the Sun. This is due to Earth's tilt of 23.45 degrees. The Earth orbits around Sun with this tilt. When the tilt is facing the Sun, we get summer and when the tilt is away from the Sun we get winter.

This tilt creates an illusion that the Sun travels north and south of the equator.

The Uttarayana (Winter Solstice) is the Sun appearing to move north. The Dakshinayana (Summer Solstice) is the Sun appearing to move towards South. This causes seasons, equinoxes and solstices.

There is a common misconception that Makara Samkranti is the Uttarayana. This is because at one point in time Sayana and Nirayana Zodiac were same. Every year equinoxes slides by 50 seconds due to precision of equinoxes, giving birth to Ayanamsha and causing Makara Samkranti to slide further. If you think Makara Samkranti is uttarayana then as it is sliding it will come in June after 9000 years. **All Drigganitha Panchanga makers like mypanchang, Rastriya Panchang, Janmabhumi Panchang, will use the position of the tropical Sun to determine Uttarayana and Dakshinayana. Hence January 14th isn't Uttarayana. Actual Uttarayana occurs on December 21st/22nd of every year. The same for Rutu. Rutus are always observed based on Tropical position of Sun.**

About myPanchang.com: myPanchang.com is the leading panchang maker providing the most accurate panchagam for over more than 394 cities all over the world based on highly accurate driga ganitha. Most temples in the world rely on myPanchang.com for accurate Panchang data and festival observance times. For more details please visit <http://www.mypanchang.com>.
